Dear Mr. Martin,

I am writing to express my pleasure initially meeting 102.7 radio personality, Deborah Gordon, at the NYMRAD Community Leaders event and to inform you of the wonderful opportunity our organization, Changing Images Art Foundation, Inc. was given. Through the invitation to interview that was extended after my brief presentation to the roundtable, we were able to find a wider audience to make our presence known.

Our goal is to provide "Medicine for the Soul" to people of all ages that are in institutional settings giving them a personal say in enhancing their environment, and I cannot thank Ms. Gordon enough for the chance to discuss just that on her "FM" public affairs program.

In addition, I appreciated the fact that she gave me an idea of what we would be discussing in advance so I was prepared and our conversation just flowed naturally. It was obvious to me that Ms. Gordon did prior research of our foundation.

In closing, I would just like to add that we were given an additional chance when our interview was replayed. The end result being it had a similar impact on the public as the first airing; we had many people contact us requesting information.

I look forward to speaking with Ms. Gordon again in the future and keeping her current on the great work we are doing with people in nursing homes, hospitals and shelters.

Sincerely,

A handwritten signature in cursive script that reads "Arlene RB Sullivan".
